

Integrated Support Personnel

ISP NEWSLETTER

15th December 2020

Greetings from the ISP Team!

Oh what a year we've had. 2020 is definitely one in a hundred that will be remembered with mixed emotions. Victoria's 2nd wave of the Corona Virus came to an end and we were all able to pick up our lives and join with our loved ones again.

It wasn't till the end of October in Melbourne that people could freely leave their homes and go out to have a coffee or a meal albeit in small groups. We were able to leave the 5km limit behind and travel 25kms. Retail outlets were open again and things were looking up with Christmas not too far off.

At this time it was safer to allow our Carers to be part of more than one circle of care, ie, to support more than one Participant. It was great for these care relationships to be rekindled.

ISP Management wishes each and every one of our Participants, their wonderful supportive Parents, Guardians, Advocates and our ISP Staff a safe and happy Christmas and the best new year ever!
