

Integrated Support Personnel

NEWSLETTER

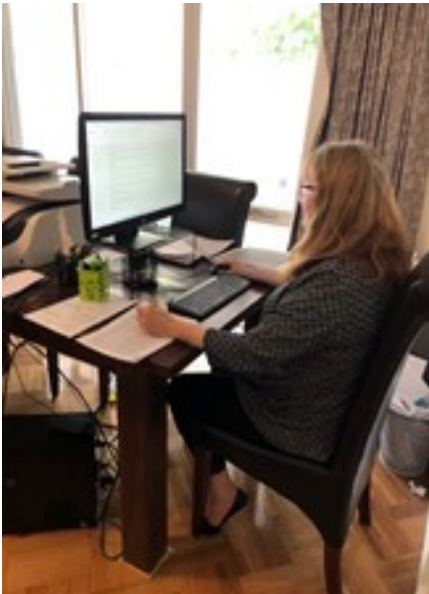

March 2021

Welcome to our first newsletter for the year. I imagine people all over Victoria and Australia for that matter, were pleased to greet a new year after the difficulties so many people experienced in the year past. We at ISP looked forward eagerly to a good positive and healthy year; one in which we could get back to some kind of normal.

Many of our Participants missed their daily 'work' groups and the friendships they'd made so it's been wonderful for them to resume or increase their community access, meet up with friends and begin to get physically active again.

We have been working remotely since 15th March last year. This came with a cost of many changes, ie lack of contact except by phone, facetime or Zoom and extensive video staff training. It's only the last few weeks that we have been working together as a team under one roof.

As the company has grown, we have needed to recruit new Administration staff. On 1st February this year, we welcomed Maxine to help in the finance area and on 8th February, we welcomed Mary to perform other admin duties.

We are now in the process of seeking appropriate office accommodation in the Frankston area and hope that our next newsletter will see us settling into new premises.

Best wishes to All.

**“Reliability,
Resilience and
Readiness are at
The heart of our
Services”**
